Krish Variya

Web Developer | React & JavaScript | Building Responsive & Real-World Web Applications

Surat, Gujarat, India

Summary

I am currently pursuing a Bachelor of Computer Applications (BCA) at Vivekanand College for Advanced Computer and Information Science, Surat, where I am building a strong foundation in programming, software development, and modern web technologies.

I actively work on real-world web applications and have a strong interest in frontend and full-stack web development. I have hands-on experience with HTML, CSS, JavaScript, React, Tailwind CSS, and Firebase, focusing on building responsive, user-friendly interfaces and implementing authentication and real-time data handling.

Alongside web development, I have working knowledge of Python, Java, C, and C++, and I continue to strengthen my understanding of databases, API integration, and application workflows. I follow best practices for clean code, performance optimization, and UI/UX design.

I am highly motivated to keep learning, explore modern technologies like Next.js, and apply my skills to real-world challenges. I aim to grow as a developer and contribute to building impactful and scalable software solutions.
